Aluminiumprofile grey and Cover frosted

SET SMALL U FLAT SQUARE 17/18 GREY 1M

Notes

1m set of high frosted cover + anodized aluminum profile in a flat design, optimal cooling + protection of the LED strip, versatile mounting options.

Please, refer to www.radium.de/recycling for notes on disposal of burned-out lamps as well as lamp breakage.
The "lifespan L70" described for LED lamps indicates the number of hours when the luminous flux has decreased to 70% of its initial value.
The optinal field 'info about service life' contains the frame conditions according to standards based on which the specific service life has been determined. So, for example, "12B50, 50Hz" means that the mean service life (B50) has been determined with a 12h switching cycle at mains (frequency 50Hz), "3B50, HF" is based on a 3h switching cycle at electronic control gear (high frequency).
