

LED Floodlight Star IP65

3000/830 black

Radium

Product Datasheet Date: 30.06.2026

3000K

General Data

Article No.	FLLA5092
Codice	FL S 3000/830 BK IP65
Product EAN	4003556015265
Box quantity (pcs.)	6
EAN Box	4003556415263
Gross weight of box in kg	3.659
Length of box in m	0.382
Width of box in m	0.174
Height of box in m	0.228
Product weight	510 g
Product status	● Attivo

Electric Parameters

Max. system power	22.2 W
Power factor	0.7
Nominal voltage	220-240 V
Voltage type	AC
Nominal current	112 mA

Electric Parameters

Nominal current (mA)	112 mA
Inrush current	20 A
Mains frequency	50/60 Hz
Dimming with push-button	No

Light Application Parameters

Luminous flux adjustable	No
Luminous flux	2800 lm
Beam angle adjustable	No
Beam angle	100 °
Unified Glare Ratio (UGR)	31
Efficacy / Luminous efficiency	126 lm/W
Colour of light adjustable	No
CCT Switch	No
Colour of light	White
Code of light color	830
Color temperature	3000 K
Color coordinate X	0.434
Color coordinate Y	0.403
Color rendering index	≥ 80
Color Stability	≤ 6 sdc _m
Light sharing	Symmetric
With light sensor	No

Service Life

Lifetime L70B50	50000 h
Life L80B10	50000 h
No. switching cycles	≥ 100000
Guarantee	5

Specification

Length	156 mm
Height/depth	203 mm
Width	28 mm
Impact strength	IK06
Photobiological safety according to EN 62471	RG0

LED Floodlight Star IP65

3000/830 black

Radium

Specification

Material	Aluminium/ Glass
Housing material	Aluminium
Material cover	Plastic, transparent
Housing colour	Anthracite
With light source	Si

Notes on Operation

Degree of protection (IP)	IP65
Protection class	I
Connection type	Other
Type of connection	Cable
Type of wiring	Ending
Max. number of luminaires per B10 circuit breaker	7
Max. number of luminaires per B16 circuit breaker	12
Filament test according to IEC 60695-2-11	650 °C - 30 s
Mounting type	Surface mounted
Type of control gear	LED operating device voltage-controlled
With light sensor	No
With movement sensor	No
Emergency power supply integrated	No

Information especially for EPREL

Contains a lightsource of energy efficiency class	D
Lighting technology	LED
Mains/Non mains connectable	MLS
Color tunable light source	No
Flicker	1.0
Stroboscopic effect	0.4
EPREL ID number	2655261

Notes

Warm white floodlight for indoor and outdoor use, robust aluminum housing in a small-sized design, integrated LED driver, slightly frosted lens.

Please, refer to www.radium.de/recycling for notes on disposal of burned-out lamps as well as lamp breakage.

The "lifespan L70" described for LED lamps indicates the number of hours when the luminous flux has decreased to 70% of its initial value.

The optimal field 'info about service life' contains the frame conditions according to standards based on which the specific service life has been determined. So, for example, "12B50, 50Hz" means that the mean service life (B50) has been determined with a 12h switching cycle at mains (frequency 50Hz), "3B50, HF" is based on a 3h switching cycle at electronic control gear (high frequency).

LED Floodlight Star IP65

Radium

Special features

General notes

The technical design data in accordance with DIN and IEC. The producer does not take any responsibility for damage to persons or property in case of unsuitable operation or handling of the product. Operating data and dimensions are valid within the usual tolerances. Related lamp types (different bases, mains voltages) may be available on request. Sale and delivery are effected in accordance with the Radium Terms of Delivery and Payment valid on the day of conclusion of contract. Packing units offer economical advantages to the purchase and logistic department. Please match your quantity volume accordingly. For orders of a minimum quantity (clefts) with a lamp model the amount lower than the volume of each packaging unit, we will invoice 10 % additional charge per lamp type. Technical changes and terms of delivery are reserved. Manipulation of any kind to packaging or product is not permissible as this will violate Radium brand rights. Furthermore, technical properties of the product can change to its disadvantage or even destruction. Therefore, Radium cannot be responsible for consequential damages.
